

SRIRAM NADATHUR

23 Amoy Street, Singapore, 069858

Nadathur Group Bangalore, India & Singapore

2014 – present: Group CEO & Chief Investment Officer

2003 – present: Executive Director Family Office & Head Health care & Life Sciences

Nadathur Group is a family-backed business & investment group founded in 2000 by N. S. Raghavan, co-founder and former joint managing director of Infosys (NYSE:INFY). We work through our Family Offices – Nadathur Estates, Pvt, Ltd. (India) and Nadathur Fareast Pte, Ltd. (Singapore).

As the Group CEO & Chief Investment Officer, I'm responsible for managing a Business & Investment portfolio of over US\$ 1 Billion across geographies. This portfolio spans a wide gamut of sectors, and, includes investment portfolios across asset classes, including Public Equity, Fixed Income, Private Equity, Real Estate etc. I'm responsible for both our Family Offices, and I sit on the Board of several group businesses & ventures.

I am directly responsible for all the businesses & investments in health care & Life sciences. Over the last decade, I have helped incubate and build a portfolio of ventures which include Drug Discovery, Diagnostics, Nutrition, Agri-biotech, Hospitals, and Healthcare/Pharmaceutical services. We have generated successful exits from this portfolio, and continue to build out others.

I oversee the Hospitality and technology group of businesses as well, but, from a Board position. In Hospitality we cover the gamut of Hotel Management, to Real Estate Investment to development. We have several brands, and, manage over 4000 rooms in Australia, New Zealand, and SE Asia.

In technology our ventures include Security products/services (Enterprise as well as mobile), Media (Hyperlocal TV/Cloud Broadcasting, Digital media & advertising), Cloud based low cost Workflow solutions, mobile consumer apps, and online assessment and hiring platforms. I oversee the overall technology group from a Board position, and where needed, get involved directly with individual ventures.

Syndicated Research Group Reston, VA/Baltimore, MD

2000 – 2005 Co-Founder, Vice President Operations, & Research Analyst

Helped co found a financial and HR advisory firm based out of Reston, VA (later moved to Baltimore, MD). The firm provided subscription based advisory services to CFOs and Heads of HR of Fortune 500 companies. As a Research Analyst I was responsible for developing frameworks and models for addressing client queries across Finance & HR. As part of this work, I produced research reports and

presentations on a weekly, monthly and quarterly basis that were then published to clients. I also regularly organized conference calls and events where I presented research topics to large client audiences. As a co-founder, was wearing multiple hats, and, was responsible for client services/operations and was part of the fund-raise team. In 2003 I moved from an operational role to an Investor/Board role as I'd to return to India.

World Research Advisory Reston, VA

1996 – 2000 Client Services Manager, & Research Analyst

Part of the initial start-up team at World Research Advisory an advisory firm catering to the needs of treasurers of Fortune 500 companies. This started in Boston, MA under World Congress, and later was spun out ,and moved to Reston, VA. As a client services manager, I was responsible for onboarding new clients, as well as continually working with clients and internal analysts to ensure timely resolution of research queries, delivery of periodic reports, managing client attendance and interactions at conferences/events etc. As a research Analyst, I was responsible for covering various aspects of the Treasury function and producing periodic research reports and presentations on a weekly, monthly and quarterly basis that were then published to clients.

Philanthropy & Social Work

2001 to Present: Supported individually and as Nadathur Group

Over the last decade, I've been actively involved in social and philanthropic work. Personally, and as a family/group, we support a range of causes -- Nature Conservation, Breast cancer research, A center for children with neuro muscular & intellectual development, livelihood programs etc. Some of these have been efforts initiated, and, set-up by our family/group, while some have been in support of external initiatives. Irrespective, we've provided long-term support both financial as well as from our personal involvement. I've been personally involved in most of them during the last decade.
